## CARS WE LOVED IN THE 1980S

The History Press Ltd. Paperback. Book Condition: new. BRAND NEW, Cars We Loved in the 1980s, Giles Chapman, It was brash and it was loud - the 1980s put paid to the glumness of the '70s and nowhere was that more obvious than in the cars we drove, which took a quantum leap in durability, performance, equipment and style. They had to: Japanese quality and European design were luring away ever more customers. Features such as fuel injection, turbochargers, computer-controlled systems and four-wheel drive became commonplace. This was also the decade that brought us the people-carrier and the off-roader, new classes of car that radically reshaped family transport. Meanwhile, seatbelt-wearing became law, the M25 opened, speed cameras appeared and ram-raiding was the new motoring nemesis. Relive everything car-related in Britain in the 1980s with Giles Chapman.
