Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Simple Mine Accounting This book is intended primarily for those who have had no opportunity to include among their other studies that of bookkeeping - superintendents, mine foremen, timekeepers, etc., having charge of accounts of mining operations; and, whilst mine accountants and bookkeepers may perhaps find something useful, the explanations and illustrations have been simplified as much as possible for the guidance of those referred to. Local conditions vary considerably and no hard-and-fast rule should be insisted upon; a little mental exercise on the part of the reader will disclose the best method of handling his accounts - bearing in mind that accuracy, simplicity, and economy are the chief desiderata in mine accounting. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
