Beamer Learns about Type 1 Diabetes: The Beamer Book Series

By Cindy Chambers

Dog Ear Publishing, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Join Beamer and his best friend Kyle as they go on a magical journey to learn about Type 1 Diabetes with their good friend Michael. The delightful characters they meet throughout their journey will help us understand how our bodies work and how to successfully manage Diabetes on a daily basis. I am a physician in the Pediatric Emergency Department, and one of the most challenging parts of my job is delivering bad news to families. It is always difficult to inform the family of a diagnosis that will change their lives forever, and Type 1 Diabetes is one of these diagnoses. I found the book to be very detailed, organized, and written in simple language to help explain a very complex problem. Having a book like this available will definitely be a great tool to help newly diagnosed children get a better understanding of what the future holds for them and how this disease is treated. This will also be a great educational tool for parents, guiding them to find the words to help the...

Reviews

It is one of my favorite books. Sure, it is actually engaging, nonetheless an interesting and amazing literature. I am happy to let you know that this is basically the finest book I have got to study inside my very own existence and might be the finest publication for ever.

A brand new e-book with an all new point of view. I have got to read and I am sure that I am going to likely read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.
